

RECRUITMENT NOTICE

PROJECT MANAGER

FORESTRY ENGINEERING, GEOGRAPHICAL ENGINEERING OR RELATED FIELDS

Application 24/2023– Agenda transForm

CoLAB ForestWISE is a Collaborative Laboratory focused on forest and fire issues through the development of (co)research, innovation and knowledge transfer and technology activities. Our goal is to increase and improve sustainable forest management in Portugal, the competitiveness of the Portuguese forestry sector and to reduce negative consequences of large rural fires. CoLAB ForestWISE currently leads or participates in national and international large scale and impact projects in the forest and fire areas.

CoLAB ForestWISE opens position for one Project Manager in the area of FORESTRY ENGINEERING, GEOGRAPHICAL ENGINEERING OR RELATED in the scope of the transForm Green Agenda - Digital Transformation of the Forestry Sector for a Resilient and Low Carbon Economy, supported by the Component 5 - Promotion of Sustainable Bioeconomy (PRR | C5 Agenda Notice No. 02/C05-i01/2022), through European funds provided to Portugal by the Recovery and Resilience Plan (RRP), under the Recovery and Resilience Mechanism (RRM) of the European Union (EU), framed within the Next Generation UE, for the period from 2021-2026.

Position: PROJECT MANAGER IN THE AREA OF FORESTRY ENGINEERING, GEOGRAPHICAL ENGINEERING OR RELATED – one position

Summary description of the function:

Under the supervision of the CTO of CoLAB ForestWISE and the Director of Agenda transForm, the employee to be hired will have the following responsibilities:

- To develop autonomous research, knowledge creation and knowledge and technology transfer activities within the scope of the projects 'Geographical databases and applications for forest management' and 'ForestSTATS: sector statistics aggregator', as part of the transForm Agenda;
- Supporting the development of digital platforms to make data available to the forestry sector, namely by identifying data applications of interest, carrying out tests on the test versions of the platforms under development to identify any gaps and/or problems and interconnecting the digital data platforms under development in the projects with other platforms and apps to support forestry management;

- Preparing activity reports in the context of the Agenda;
- Collaborate with the other members of the Agenda, namely with companies, academia and public entities for the proper execution of the Agenda's projects;
- Promote and participate in CoLAB ForestWISE communication, dissemination and knowledge transfer initiatives, associated with the project or others that may be relevant to it;
- Supporting other project management activities, including technical control and the communication and dissemination of results;
- Represent CoLAB ForestWISE when requested.

Qualifications:

Degree or master's degree in Forestry Engineering, Geographical Engineering or similar.

If the qualification has been acquired by a foreign higher education institution it must be recognised by a Portuguese higher education institution, under the terms of Decree-Law No. 341/2007, of 12 October, regulated by Order No. 227/2017, of 25 July and updated by Decree-Law No. 66/2018, published in the Diário da República (1st Series, No. 157, of 16 August 2018), having any formalities established in this document be complied with by the effective date of the hiring.

Required experience:

Among others, the following are prioritized:

- At least three years of professional experience in topics related to digital technologies, including digital data portals, webGIS platforms, apps, and topics related to data processing and geographic DBs;
- Work experience with public and private forestry sector entities and other forestry sector agents in Portugal (preferred);
- Ability to prepare and analyze surveys;
- Written and oral proficiency in Portuguese and English (level C1 of the Common European Framework of Reference).

Personal skills/Soft Skills:

- Organization and work method skills;
- Easy integration on teamwork;
- Ease of relationship with different interlocutors;

- Excellent communication and interpersonal skills;
- Excellent writing and synthesis skills;
- Proactivity and ability to identify improvements in the information flows;
- Proactivity in solving organization's daily issues;
- Availability and flexibility of schedule.

Evaluation criteria:

- Interview with candidates with curricular evaluation equal to or greater than 14 points.
- The final classification will be the weighted average of the curriculum evaluation, which will assume a weight of 60%, and the interview, which will represent 40%.
- Selection of the candidate with the best final ranking.
- The jury reserves the right to decide not to select any candidate if they agree that none of the candidates has the profile required.

Conditions:

The selected Project Manager will be entitled to an employment contract with a fixed annual salary between TRU 15 and TRU 32 levels according to the curriculum vitae and the experience presented and proven.

CoLAB ForestWISE actively promotes a non-discrimination and equal access policy. No candidate can be privileged, benefited, harmed, or deprived of any right or exempted from any duty due to, namely, parentage, age, gender, sexual orientation, marital status, family situation, economic status, education, origin or social status, genetic heritage, reduced work capacity, disability, chronic illness, nationality, ethnic origin or race, territory of origin, language, religion, political or ideological convictions and union membership.
